Genentech Brings Joy To Members

When talking about Genentech, we need to add to their corporate profile: Community Investor. On Friday, September 17th the South San Francisco based biotechnology company surprised twenty Club members with brand new bicycles, courtesy of Genentech's community

outreach program. The criteria for selection was that none of the selected members owned a bicycle and each Genentech employee was required to assemble the bike by hand. Our members and the Genentech employees then spent an hour discussing bike safety and life dreams. Thanks Genentech!

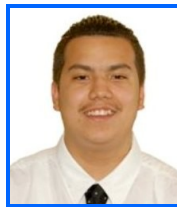

One very happy member!
Thank you, Genentech

Leland Yee

National Day of Play

The Mid-Peninsula Boys & Girls Club was running at full speed during the *National Day of Play* on September 24th. The program goal is to encourage children to get outside and play, and participate in at least one hour of physical exercise during the day. Our Club-

houses featured flag football, basketball, Capoeira, hula dance and a wide assortment of other physical activities. Through our after-school enrichment programs, Members of the Boys & Girls Club are constantly working to strengthen both their minds and bodies.

Flag Football on
Kids National Day of Play

Fall Enrichment Highlights

Over 400 youth attend both our DeLue & San Mateo Clubhouses daily. Here are a few highlights:

Checkers in the game room

Basketball for all ages

NuMedia Recording Studio
