Teens Tour UC Santa Cruz

Fifteen teen members from our San Mateo and DeLue Clubhouses embarked on a college-bound, overnight trip. UC Santa Cruz was the host site for this educational excursion, made possible through a **Darden College-Going Experience Grant**. Members attended an admissions presentation followed by a walking tour of the campus. Our members experi-

enced college from the perspective of a UC student: dined in the commons, played cards in the student lounge and spent the night in the residence hall. If testimonials are any indication of what's next, expect some Clubbers to turn into banana slugs next year. A big thanks to UCSC staff—our teens are eager to complete your admissions applications.

Members visit UC Santa Cruz—special thanks to Darden & UC Santa Cruz staff

Sequoia Billiards & Supply—40 Years of Friendship

For over four decades, **Sequoia Billiards & Supply** has been a generous friend of the Club. Led by owner Harv Rutledge, they have provided top-of-the-line pool tables, cue sticks, balls and professional instruction about how to play billiards and pool. They have taught the sport

with an educational slant, combining beginning math for the little ones, to geometry for the teens. **Sequoia Billiards & Supply** have restored antique tables at the Leland Stanford & Governor's Mansions, all the while making certain that our tables remain in pristine condition.

Sequoia Billiards supports our Triple Play recreation programs

Keystone Club Builds Bridges for Members

Keystone Club is a chartered small-group character and leadership club for teens ages 14-18. The program provides opportunities to connect with others while meeting many of our teens developmental needs. Teens run their own meetings, elect officers and plan and implement their own

leadership activities including: team building, teen-run workshops on ethical leadership, public speaking, debate training, community service projects, fundraisers and more. We are proud of our Keystoners—future leaders transforming themselves and their community.
